

# Learn Technology!

**It's for YOUR generation too!!**

Have you always been curious about using a computer?

Do you want to learn how to e-mail and interact with others over the computer?

Do you feel left out of this technological world?

## **Our Computers for Human Empowerment class wants to help!**

By teaching you basic computer skills we can get you up to date in this digital age!!

Interested? What exactly do you want to learn? Take 1 class or all of them.

Check all that you would be interested in learning:
